Keeping Real Country Music Alive!

Sammy Sadler and Ken Mellons kicked off their national *Takin' The Country Back Tour* in March at Nashville's storied Station Inn. Broadcast globally via 650AM-WSM, the show's "True Country" format was immediately embraced by fans. The two entertainers have since brought crowds (ranging from 300 to 8000) at every show to their feet and now, they're adding Country singer Jeff Carson to the lineup to bring even more "Real" Country music to fans across the U.S.

ACCOLADES ARE POURING IN:

*"I had the pleasure of working with Sammy and Ken as part of the *Takin' The Country Back Tour*. These guys are true professionals. They define Real Country Music, and Real Country Music it is."* – Jeff Brown / Freedom Festival

"The fans loved the show! It helped us sell out our event." – Thunder Country

"Great high-energy performances - look forward to having them WOW my audiences again in the near future." – Barry Faulkner / Wolverine Productions

"A full 90 minutes of real Country music from these outstanding performers. One of the best shows we have ever had at The Barn in Dixon, Missouri." – Bill Johnson / Music In The Barn

"I really loved your songs. I found them in the 80's and still listen to them today!"
– Jerry Petty/Pettycoats Promotions

With a hot-pickin' five-piece band (lead guitar, bass, drums, keyboards, steel), Sadler kicks off each show – and gets the crowd going with a range of songs that includes his hits "Heart Shaped Like Texas" and "I'll Always Have Denver." Mellons comes on strong with his hard-core brand of Country and a series of hits that includes the poignant "I Can Bring Her Back," while Carson sings his #1 smash, "Not On Your Love," plus fan favorites "The Car," "Butterfly Kisses," "Holdin' Onto Somethin'" and "Real Life (I Never Was the Same Again)." The three entertainers close each show with the classic Country anthem, "Jukebox Junkie."
